

About Us

Caledon is an independently owned MGA that brings together a collection of insurance professionals with extensive knowledge and experience of the Irish insurance market.

Specialising in home insurance, we provide cover for risks that have a unique, complex or challenging aspect to them which makes it difficult to find a solution from standard insurers.

Caledon MGA Ireland is a part of the Caledon Group of companies, created to invest in a range of niche broking and underwriting businesses in the general insurance sector.

Why choose Caledon

Our approach is based on five main principles we believe offer our brokers a different approach to specialist underwriting:

1. Underwriting appetite

We specialise in handling complex or unusual risks that often fall outside the appetite of other insurers. By investing time to fully understand each risk, we aim to offer cover wherever possible. Our approach means we welcome the difficult or unique – we underwrite with a problem-solving attitude - assessing every risk on its own merits with a flexible underwriting approach.

2. Experience and knowledge

Our team brings a wealth of industry experience and specialist knowledge - ensuring we take a hands-on approach working with our brokers to grow and develop a mutually beneficial partnership.

3. Commitment to service is a priority

Providing our brokers with the highest levels of service and support is at the forefront of what we do. Our quote portal is designed to capture comprehensive risk information upfront, thus streamlining the process. We aim to deliver faster response times and a more collaborative experience than the norm.

4. Direct access to decision makers

We believe you should be able to speak directly to the people who make the decisions to get the answers and support you need.

No matter what stage of the process, brokers can contact our underwriters directly to ensure a prompt, efficient and hassle-free outcome.

5. A Rated capacity

Our A rated capacity gives you and your clients peace of mind knowing our cover is provided by only the world's leading and most reliable insurers.

Meet the team
